Mr. H. F. Daugherty, President  
Westinghouse Environmental  
Management Company of Ohio  
P.O. Box 398704  
Cincinnati, Ohio 45239-8704

Dear Mr. Daugherty:

**REMOVAL ACTION MEMORANDUM - RECONSTRUCTION OF THE BOILER HOUSE ELEV. 656' 6"**

Reference: Letter, DOE-930-90, R. J. Hansen to M. B. Boswell, "CERCLA Removal Actions," dated April 23, 1992

The enclosed Removal Site Evaluation for the Reconstruction of the Boiler House Elev. 656' 6" project has been reviewed by my office. Based on this review, the Department of Energy has determined that this project does not constitute a removal action.

Construction rubble and debris associated with this work can be removed and dispositioned following the specific control measures noted within the RSE document and per the radiological guidelines specified in the FEMP Site Policy and Procedures and Removal Action Number 17. The Administrative Record for the Remedial Investigation/Feasibility Study (RI/FS) should include this document.

At the completion of this project, Westinghouse Environmental Management Company of Ohio (WEMCO) should submit a final report describing the changed site conditions, detailing the volume of waste generated, the number and type of containers used, the locations of dispositioned material (including containers), and the results of any verification sampling. Furthermore, this final report should be submitted to the Administrative Record for the RI/FS.

If you or your staff have any questions, please contact Robert J. Janke at extension 6883.

Sincerely,

*W. D. Adams*  
W. D. Adams  
Acting Manager

FN:RJ Janke
